PROFILE

I am a Frontend Developer specializing in building modern, responsive, and user-friendly web applications. With expertise in animation libraries and interactive UI design, I craft engaging digital experiences that combine functionality with creativity. Skilled in JavaScript, React, and CSS frameworks.

WORK EXPERIENCE

Frontend Developer & Content Creator

Independent Projects / Freelance

- Built and managed multiple blogging websites, focusing on SEO optimization, performance, and audience engagement.
- Designed and developed eCommerce websites with smooth checkout flows, responsive design, and product showcase integrations.

Web Developer (AI & E-Commerce Projects)

Freelance / Client Projects

- Created AI-integrated websites with features like automated content generation, intelligent search, and personalization.
- Implemented custom animations and interactive UI components to boost user engagement.

Blogger & Digital Strategist

Self-Initiated Projects

- Researched, wrote, and published blogs across niches (SEO, tech tools, manifestation, and web hosting).
- Applied SEO strategies and analytics to grow organic reach and improve monetization opportunities.

SKILLS & KEY HIGHLIGHTS

Frontend Development

HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind, responsive design.

Animation Expertise

Proficient with animation libraries (GSAP, Framer Motion, Three.js) for smooth and interactive UI/UX.
